Cancer Sites	State	Gender	Age Group	Count	Population	Crude Rate Per 100,000
Colon and Rectum	Georgia	Female	< 1 year	Suppressed	Suppressed	Suppressed
Colon and Rectum	Georgia	Female	1-4 years	Suppressed	Suppressed	Suppressed
Colon and Rectum	Georgia	Female	5-9 years	Suppressed	Suppressed	Suppressed
Colon and Rectum	Georgia	Female	10-14 years	Suppressed	Suppressed	Suppressed
Colon and Rectum	Georgia	Female	15-19 years	Suppressed	Suppressed	Suppressed
Colon and Rectum	Georgia	Female	20-24 years	Suppressed	Suppressed	Suppressed
Colon and Rectum	Georgia	Female	25-29 years	26	1,250,827	2.1
Colon and Rectum	Georgia	Female	30-34 years	60	1,340,592	4.5
Colon and Rectum	Georgia	Female	35-39 years	123	1,398,976	8.8
Colon and Rectum	Georgia	Female	40-44 years	189	1,347,703	14.0
Colon and Rectum	Georgia	Female	45-49 years	384	1,201,331	32.0
Colon and Rectum	Georgia	Female	50-54 years	590	1,064,242	55.4
Colon and Rectum	Georgia	Female	55-59 years	582	803,157	72.5
Colon and Rectum	Georgia	Female	60-64 years	639	615,652	103.8
Colon and Rectum	Georgia	Female	65-69 years	780	519,307	150.2
Colon and Rectum	Georgia	Female	70-74 years	909	458,057	198.4
Colon and Rectum	Georgia	Female	75-79 years	981	388,620	252.4
Colon and Rectum	Georgia	Female	80-84 years	820	282,142	290.6

Cancer Sites	State	Gender	Age Group	Count	Population	Crude Rate Per 100,000
Colon and Rectum	Georgia	Female	85+ years	824	267,311	308.3
Colon and Rectum	Georgia	Male	< 1 year	Suppressed	Suppressed	Suppressed
Colon and Rectum	Georgia	Male	1-4 years	Suppressed	Suppressed	Suppressed
Colon and Rectum	Georgia	Male	5-9 years	Suppressed	Suppressed	Suppressed
Colon and Rectum	Georgia	Male	10-14 years	Suppressed	Suppressed	Suppressed
Colon and Rectum	Georgia	Male	15-19 years	Suppressed	Suppressed	Suppressed
Colon and Rectum	Georgia	Male	20-24 years	Suppressed	Suppressed	Suppressed
Colon and Rectum	Georgia	Male	25-29 years	26	1,294,677	2.0
Colon and Rectum	Georgia	Male	30-34 years	63	1,358,162	4.6
Colon and Rectum	Georgia	Male	35-39 years	124	1,389,681	8.9
Colon and Rectum	Georgia	Male	40-44 years	239	1,311,113	18.2
Colon and Rectum	Georgia	Male	45-49 years	404	1,140,061	35.4
Colon and Rectum	Georgia	Male	50-54 years	685	1,001,704	68.4
Colon and Rectum	Georgia	Male	55-59 years	802	755,426	106.2
Colon and Rectum	Georgia	Male	60-64 years	891	557,827	159.7
Colon and Rectum	Georgia	Male	65-69 years	990	436,974	226.6
Colon and Rectum	Georgia	Male	70-74 years	970	343,584	282.3
Colon and Rectum	Georgia	Male	75-79 years	883	245,467	359.7
Colon and Rectum	Georgia	Male	80-84 years	598	146,234	408.9
Colon and Rectum	Georgia	Male	85+ years	438	93,507	468.4

Other Issues: The Cancer Sites and Childhood Cancer variables contain both raw and summary codes. Totals are disabled when results are grouped by these variables to prevent double counting. Also be aware that charts and maps containing both raw and summary data could be misleading.

Age-adjusted rates are not available when results are grouped by age.

Help: See [National Program of Cancer Registries Invasive Cancer Incidence Documentation](#) for more information.
