Colon and Rectum	Atlanta-Sandy Springs-Marietta, GA	Male	55-59 years	392	382,897	102.4
Colon and Rectum	Atlanta-Sandy Springs-Marietta, GA	Male	60-64 years	407	261,844	155.4
Colon and Rectum	Atlanta-Sandy Springs-Marietta, GA	Male	65-69 years	399	190,309	209.7
Colon and Rectum	Atlanta-Sandy Springs-Marietta, GA	Male	70-74 years	392	142,903	274.3
Colon and Rectum	Atlanta-Sandy Springs-Marietta, GA	Male	75-79 years	366	100,966	362.5
Colon and Rectum	Atlanta-Sandy Springs-Marietta, GA	Male	80-84 years	239	59,637	400.8
Colon and Rectum	Atlanta-Sandy Springs-Marietta, GA	Male	85+ years	Suppressed	Suppressed	Suppressed

Other Issues: The Cancer Sites and Childhood Cancer variables contain both raw and summary codes. Totals are disabled when results are grouped by these variables to prevent double counting. Also be aware that charts and maps containing both raw and summary data could be misleading.

Age-adjusted rates are not available when results are grouped by age.

Help: See [National Program of Cancer Registries Invasive Cancer Incidence Documentation](#) for more information.

Suggested Citation: Cancer Registry Public Information Data: 1999-2002, WONDER On-line Database. United States Department of Health and Human Services, National Program of Cancer Registries, Centers for Disease Control and Prevention. November 2005.
